HEALTH Grant NEWS

HEALTH Grant October 2011

Reminder!!

Don't forget to come to the HEALTH Grant **Job Fair!**

When: 11/4/11 from 10AM until 1PM

Where: In the Large Lounge, located in the Union Building

Who: open to any past or current HEALTH Grant Students

New study space and Lounge for HEALTH Grant RN students

We have been hard at work transforming room C-136 into a comfortable space for relaxing, studying or meeting for small group discussion for the HEALTH Grant RN students.

We know how stressful and intense the work load can be, and we wanted to create a place for these busy students to call their own when they want to get away from it all. The room has tables for spreading out and studying, and also has a couch for relaxing. Feel free to bring a snack with you when you come, and make yourself at home.

We hope that our new RN Lounge area will create a sense of community for the RN students, as well as help them to be able to accomplish the work they need to do in a way that will reduce stress levels all around.

The RN lounge will be open and available for all HEALTH Grant RN students every day during the afternoon and evening hours. Stop by and check it out!

Registered Nurse

An important update on the status of the HEALTH Grant's first RN graduate. Jason Lewis passed his licensing boards and is currently employed as an RN at Helping Hands Caregivers in Indian Lake, NY. As if that wasn't enough news, Jason has also recently gotten married. Double Congratulations to Jason!

HEALTH

A program to assist those who are interested in a career in the health care field, or who are currently working in health care and want to advance their skills.

All funding for the HEALTH Program is provided by the US Department of labor through the American Recovery and Reinvestment Act

For more information or to register for an information session, call Kim Lanza at 736-3622, extension 3119

October Students of the Month

The HEALTH Grant would like to extend our sincere thanks and appreciation to our October Students of the month, Jamie Bauer, Beatrice Erb, Sylvia Kolesnikov and Victor Malagisi. These four graduates of the CNA program took time out of their busy schedules to participate in a training video that will be used in all future pre CNA classes. We are so grateful to these students for their help, because their experience as both students, and now employees in the health care field will help future students to more fully understand what the CNA work is all about. Because of the assistance of these students, the HEALTH Grant will be even better!

Jamie, Sylvia, Victor and Bea will all be given a gift from Bed, Bath and Beyond as a small token of our appreciation. Once again, thank you to these students and as always, we wish you all the best of luck as you continue your careers in the health care field.
